REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: the prior art of record does not disclose or fairly suggest a golf practice and exercise device for use with a golf club, comprising a frame member having a base portion for supporting the device on a floor or ground, said frame member extending upwardly from the base portion and having an outwardly extending mounting arm extending above an impact position of a golf club when swung by a golfer standing beyond the outer extent of said mounting arm, a resilient flat strip having an end secured to said mounting arm and suspended from said mounting arm to the impact position and having a flat surface facing the impact position of a golf clubhead to be struck by a golf clubhead during a normal swing of a golf club, said resilient strip providing sufficient resilience to the impact of a golf club to impose muscular strain on the golfer for muscle development while allowing the head of a golf club to move the strip sufficiently for the golf clubhead to ultimately pass thereunder and allow the golfer to complete the follow-through of the golf swing.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Raeann Gorden whose telephone number is 571-272-4409. The examiner can normally be reached on M-F 9-5.
